

RSC Minutes from September 18 2015,

Roll Call was taken.

Minutes were not approved from the prior meeting due to the minutes not being presented to the members from the last meeting. They will need to approve at the next meeting along with these minutes.

Community Partners presented and stated that they had 36 new referrals. 30 Of these referrals received services and 5 of the families denied services. There was one family that was not able to be engaged by the provider. These referrals came from all 7 DCS counties in the Region, schools probation, and 0 self referrals. It was noted that 0 self referrals was great. They reported that they closed several cases this quarter and they were all 100% successful. By being successful it is noted that the family completed at least one goal that set forth. They reported a success story that was of a mother that was needing services and learning how to communicate with her teenage daughter and their relationship. It was noted that they completed the program and are having a much better relationship and are able to communicate appropriately.

It was noted that the advisory board could brainstorm some ideas to help better meet the needs of the community with the new biennial plan coming due. Some of the members present were willing to volunteer to help with this process.

The financial report has not yet been finalized.

The foster care team reported that the CFTM recruitment teams are successful in certain counties. There was discussion that the 5K was scheduled for October 17. The foster care workers would be having games and raffle off a basket for Halloween to help with recruitment. SWICCA was explained to the group and that the 5K was there yearly fundraiser.

Fatherhood Engagement Program presented and gave a success story of one of the fathers they have been working with discussing his follow through, learning new anger management skills and being complaint with services.

There was no old business

New Business

The biennial plan was discussed. The plan must be approved by January 15, 2016. Most of the work will be completed in November. The child protection plan was discussed and the will be part of the plan. It was discussed that there needs to be a service plan, a prevention plan and an action plan. The team went over data and the federal guidelines were discussed and what team members must be present and vote on the plan once it is approved.

The meeting was open for public testimony or any announcements: none were presented before the team.

Amy Tempel made a motion to dismiss

Nancy Rennie seconded the motion to dismiss

The meeting was adjourned .
